(a) Full-time equivalent is a computed statistic representing the number of full-time employees that could have been employed if the reported number of hours worked by part-time employees had been worked by full-time employees. It is calculated by BEA.

(b) The 2007 Census of Government Employment does not contain firefighter or other fire employment data for Delaware.

Source: Tax Foundation calculations based on 2007 Census of Government Employment total pay and total employment by function data, and the Bureau of Economic Analysis.
